

# COVID-19 Testing Registration

## How to register

- **Scan QR code\*** or enter URL ***bit.ly/covidprefill*** into your browser
- **Complete** the registration form
- Get a Unique Registration Number (**URN**) via SMS
- **Present your URN** to staff at the testing site

\*Use the **camera on your phone** to scan QR  
This is not a Services Victoria App

## Why register for your COVID-19 Test?

It saves you time at the testing site.

You can register yourself and/or your dependants **under the age of 16**.

You can use your URN for multiple tests, and it is **valid for 90 days**.

## Tips:

- If possible, provide a **mobile phone number** as your contact.
- **Check** the spelling of your name, date of birth and phone number are **accurate**.
- Registration is optional. You can always provide your details at a testing site.
- You can't change details in the form after you submitted it. Complete a new Registration Form if you need to change details
- Find out which testing sites use the registration form on [www.coronavirus.vic.gov.au/where-get-tested-covid-19](http://www.coronavirus.vic.gov.au/where-get-tested-covid-19).
