

Understanding Changes in Behaviour

Hamilton, VIC
Thursday 20 June 2024

This session provides an introduction to dementia and changes to the brain, effects on behaviour and the impacts of changed behaviour. It will introduce problem solving models, including strategies to minimise and respond to changed behaviour.

This session is delivered interactively, you will be encouraged to share your experiences alongside other participants giving you an opportunity to develop new support networks.

Suitable for: Family carers and family members of people living with dementia. This session is not suitable for professionals employed in the health or aged care sectors.

When: 20 June 2024
10am - 12pm, 2 hrs

Where: Learning & Development
Centre Kitchener Street,
Hamilton Vic 3300

Cost: Free

Additional information:
Bookings are essential.

Delivery will be held in the Hamilton
Base Hospital Learning &
Development Centre Auditorium.
